Among those requirements are that the staff development must be designed to improve education in the district and must be predominantly campus-based and proactive instructional planning with inclusive and evidence-based practices. Several topics that may be a part of the district staff development offerings are listed. It also may include what is permissible under law including opinions of the United States Supreme Court regarding prayer in public schools. Those trainings listed in Section 21.451 that are mandatory are included in this chart above.

The 2021 Legislative session deleted requirements regarding mental health issues including grief and trauma from the continuing education requirements, however, it was moved to TEC, Chapter 38, Section 38.036. The 2023 Legislative session changed the phrase "...not more than 25 percent..." to "...at least 25 percent..."
